

Confidentiality: GSA Sponsor/Advisor Obligations

GSA Advisors, by law, must tell the Texas Department of Family and Protective Services or law enforcement within 2 days if they suspect anyone 17 or under has been or might be **abused or neglected**.

As school staff, Advisors will also tell others if a person reports they have a **plan to hurt themselves or someone else**.

By law, Advisors must also report **child sexual abuse in Texas, which may include sexual activity between youth** (See the Relationships Reporting Requirements handout for details).

Confidentiality: Student Agreement

**I commit to confidentiality:** I can share the lessons I learn here, but not details about other people (whether I think it is personal or not). Breaking this commitment may be serious enough to have me removed from the club.

Confidentiality is important to me because:
