

# EARLY CHILDHOOD EDUCATION

**VIRTUAL ADVOCACY DAY**

MARCH 9, 2021

The 87th Texas Legislative Session is here and now is the time to act! Advocates, child care providers, and stakeholders across Texas have worked together to create early childhood education legislative priorities.

Join Children at Risk, Legislators, Prenatal-to-3 Coalition Members, and Early Childhood Advocates from across the state in a virtual rally to improve early childhood systems and public policies. Together we will advocate for legislators to prioritize infants, toddlers, and their caregivers this session. While we cannot meet on the capitol steps this year, we can make our voices heard! More details to come soon.
