

Accounting Advice Audits Reviews Tax

Do you struggle with these issues instead of focusing on your mission?
You are not alone.

REPORTING

How can I get more accurate financial reporting?

What kind of grant reporting do I need to provide?

How do I interpret our financial statements and explain them to our board?

PROCEDURES

How do I prevent and detect fraud in my organization?

What can I do to ensure our books are closed on time?

How do I support my inexperienced accounting team?

How can I implement more financial controls in my organization?

How can I make our audits go more smoothly?

COMPLIANCE

How do I address negative comments in my audit management letters?

Why do auditors provide us with the same recommendations year after year?

How do I respond to notices from the IRS?

How do I ensure that my organization is compliant?

CLOUD TECHNOLOGY

Is there a way my accounting team can access our books when they're on the go?

How can I get my employees to submit their timecards and expense reports on time?

Should we transition from paper to electronic files?

STRATEGIC ANALYSIS

Why am I constantly struggling with cash flow?

How do I identify my KPIs and track them?

Why doesn't my budget line up with my strategic forecast?

How do I create a budget for my organization?

At Moss CPA, we get these questions a lot.

That's why we offer innovative solutions for the topics that concern nonprofits the most.

With a collaborative team and fortified financial systems, your organization's goals are within reach. *We have bright ideas to help you get there!*
