

Camp Holiday Trails

A Camp for Children with Special Health Needs

OUR IMPACT

Confidence...

"I think my campers feel more comfortable in their own skins. Going to camp puts their challenges in perspective."

--Camper Parent

Community...

"No matter what the future holds, whether I'm near or far... CHT will remain close to my heart, ALWAYS! CHT staff are real-life super heroes! I remain hopeful that I can continue being a part of the most wonderful place on earth."

--Counselor

Medical skills...

"Thanks, CHT, I have never been more confident that being a nurse is where I need to be. Camp Holiday Trails helped shape me into who I am and the new outlook and work ethic I have today."

--Med Staff

Empathy...

"Seeing the challenges of other campers is humbling to my kids. They are used to being the ones with the most limitations, but at CHT, they see children living with more intense needs and more medical fragility. Rather than feeling sorry for themselves, I see them reaching out to support others and walk beside people with kindness and empathy."

--Camper Parent

We have fun!
