

MISSION

Portico Healthnet's mission is to reduce the number of people without coverage for health care services.

ABOUT US

Portico educates low-income, uninsured individuals and families in the Twin Cities region about government-subsidized health coverage and qualified health plans. Our culturally competent, certified MNSure Navigators offer free health care coverage screening and enrollment assistance.

For people who are not eligible for public programs, Portico offers an alternative coverage program that provides affordable access to primary and preventive health care services. We also refer clients to low-cost medical, dental and mental health care as well as to community resources for other needs such as housing, food and family support.

2016 CLIENT OUTCOMES

COVERAGE AND CARE MANAGEMENT PROGRAM

100%

of participants have a primary care clinic

100%

of participants receive personalized, one-on-one care management and health literacy education

100%

of participants are screened annually to determine eligibility for Minnesota Health Care Programs. Portico staff assists with the application process and the transition to new health care coverage when needed

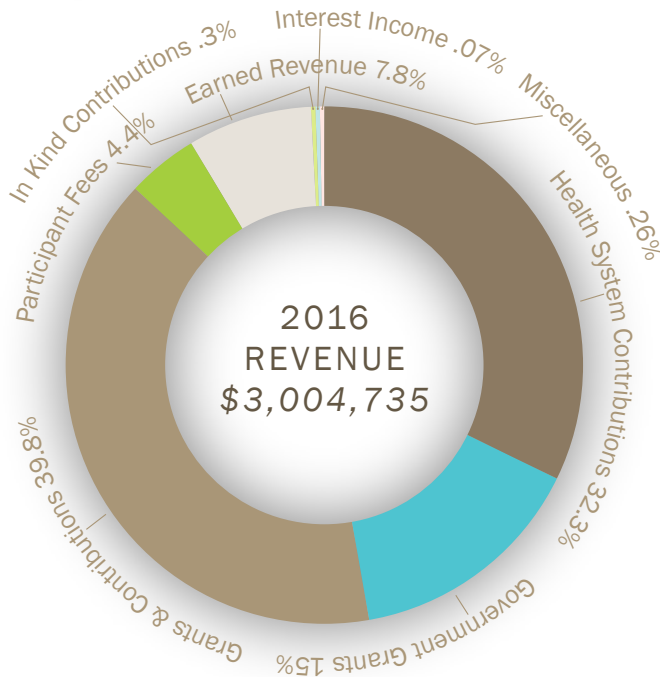

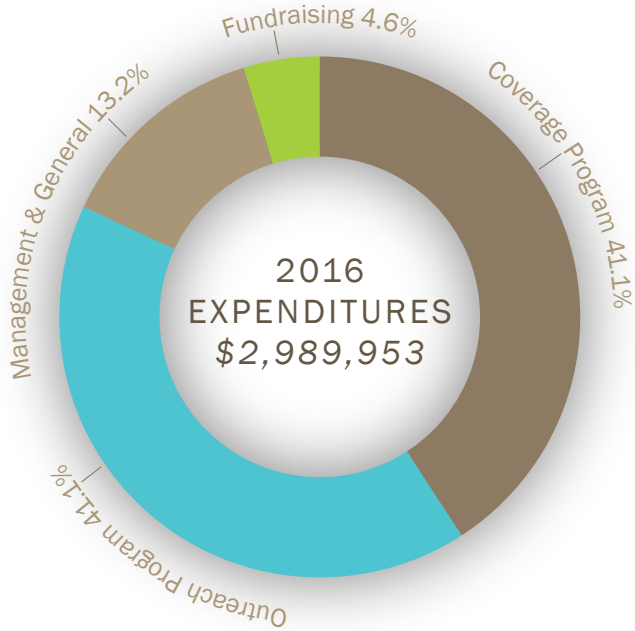

“
Three years ago I came to Portico for help in applying to MinnesotaCare. After that, I was diagnosed with cancer. Without Portico’s help, I don’t think I’d be here because they greatly helped me to get rid of this disease.
”
—Magali, Portico client

“Medical bills can really add up, so if I know I’m going to be going to the doctor, I need to make sure I’m covered. If we couldn’t access state insurance, it’d just be another debt we’d get ourselves into.”

—Camilia, Portico client
