Alternatives to Incarceration

Our mission is to intervene and prevent individuals from entering a life of crime and help others reclaim their lives from a history of crime by providing paths that bring a reliable alternative to incarceration, creating a safe environment for our participants and providing education systems that will transcend conventional methods to help those at risk discover their true potential. We believe in the power of people to change, and we help individuals with justice involvement rebuild their lives through innovative services and advocacy.

Contact us at 518-449-5155 for more information.

Our Mission

The mission of Trinity Alliance is to provide services to the community that will support and promote healthy families, adults and children. Our agency is dedicated to improving the neighborhood as a setting for family life, contributing to health and well-being, and promoting education and employment as a means of self-development.

Our Vision

Trinity Alliance of the Capital Region will be recognized for its influential and preeminent role in providing integrated service leadership to the community. In doing so, Trinity Alliance will strive toward responsible growth, sustainability and becoming the voice for improving the quality of life.

EMPOWERING PEOPLE FOR BRIGHTER FUTURES

RE-ENTRY

We assist youth, ages 16-20, who currently reside in the Albany County Jail through assessment, crisis intervention, referral for critical service needs and post release planning. The core of this program features a 12-session series of workshops that focus on a new way of thinking, problem solving and daily living skills, job readiness, and special presentations from key resources of the community.

Individual counseling is also provided as part of the post release plan. Intensive support, guidance, encouragement and advocacy from staff represent a vital piece for our participants as they re-enter the community to begin a new chapter of their lives - as stronger, more empowered, responsible individuals.

SHARP (Trinity's Settlement House Advocacy and Resource Program) is a program of Re-Entry. We provide short and long term assistance in the form of case management, referrals, advocacy in the attainment of services, housing, health care, and employment services. We offer assistance with day-to-day issues, address barriers, help with job readiness, resume preparation and employment retention, based on what our client's needs are. We help move our clients into a stable, positive life situation.

HOMER PERKINS CENTER

ALCOHOL AND
SUBSTANCE
REHABILITATION

We work under a philosophy that understands that chemical dependence is a bio-psycho-social disease that can never be cured, but can be forced into remission, if the chemically or alcohol dependent person is helped to achieve total abstinence from substance and/or alcohol abuse.

Our 20 bed, 12-month intensive holistic residential center for men 18+ years of age, is available to NYS residents who are seeking treatment for substance and alcohol abuse. We also provide a continuum of treatment services and counseling for families of the person seeking this life-changing treatment.

VIOLENCE

PREVENTION AND INTERVENTION

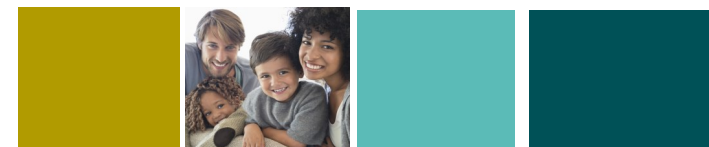

Albany Cure Violence and Leaders Leading Troy's Youth are two violence prevention and intervention programs, based in Albany and Troy. We treat violence as a "disease" that is spread by infectors, and we work to engage those at the physical and social epicenter of violence, by redirecting them into more productive lifestyles, preventing retaliation.

Our outreach workers lead by example and earn the trust of our participants by showing them that a violence-free lifestyle is desirable.

SUPPORTIVE HOUSING

We address the housing needs of those who are homeless, or at risk of becoming homeless by providing affordable housing with support and promoting healthy families through case management. Our housing clients can receive all of Trinity's wrap around services, as part of their transition into independent living.

WE LISTEN. WE ACT. WE CARE.
