Early Childhood & Family Support | Prevention Services

Community Network Services

We provide our consumers with the skills, guidance and encouragement to enhance their lives and their families. We build strong positive relationships based on trust, understanding and respect. We seek to support, strengthen and empower individuals and families through a broad continuum of community based services that meet the needs and values of the community. We are guided by a commitment to individual dignity, accountability, cultural competency, service excellence, and belief in the solidarity of the family.

Our Mission

The mission of Trinity Alliance is to provide services to the community that will support and promote healthy families, adults and children. Our agency is dedicated to improving the neighborhood as a setting for family life, contributing to health and well-being, and promoting education and employment as a means of self-development.

Our Vision

Trinity Alliance of the Capital Region will be recognized for its influential and preeminent role in providing integrated service leadership to the community. In doing so, Trinity Alliance will strive toward responsible growth, sustainability and becoming the voice for improving the quality of life.

EMPOWERING PEOPLE FOR BRIGHTER FUTURES

"Trinity is a place that helps keep families together. Our kids were removed from the home and Trinity came in helped us with resources, food, cleaning, and helped improve our lives so our kids could come home. Trinity showed us that there is light at the end of a dark tunnel." - Prevention Client

Make An Immediate Impact on a Child's Life

WE LISTEN. WE ACT. WE CARE.

TRINITY CAN HELP | You are not alone.

We help parents gain an increased awareness of their child's growth and development and how important their role is in shaping how their child grows.

Early CHILDHOOD and Family SUPPORT SERVICES

We work with children from 0-5 years old, and their families, in the home using play in the form of education. Language, cognitive, fine and gross motor and personal-social skills are assessed and linkage and referral services are offered when needed. If you are an individual living at home who has a developmental disability, and are in need of assistive technology or environmental modification, we may be able to help with assistive modifications. Limited financial assistance is also offered to assist families caring for a family member at home who has a developmental disability, through our Family Reimbursement Program.

Prevention SERVICES

We specialize in the prevention of foster care placement. We strive to keep families together. We provide crisis intervention, grief counseling, couples counseling, parenting skills, mental health counseling, case management, and assist families with the transition from foster care back into the home.

We also offer youth and adult anger management services for those looking for assistance with conflict resolution, coping skills, and peer and family relationships. Our staff is trained to use creative techniques to help explore, manage and transform anger.
