

Reaching out to the needy

By working closely with OVC committees, CASICNET ensures that beneficiary households receive referrals for healthcare, health promotion education through home visits and peer education; We also support orphans and Vulnerable Children.

The disabled are group of people who suffer from social exclusion from the rest of the society and our out reach program for the needed also target them as well as bring them together and organize forums for them to expose their problems to stakeholders

CA[®]SIC[®]NET[™]

About CASICNET

Founded in 2006, **Cameroon Experiment in International Living Federation (CASICNET)** is a Cameroon Non-Governmental Organization dedicated to various issues aimed at promoting the rights and well being of the young men and women, especially in the rural areas, particularly targeting the underprivileged as well as orphans and vulnerable children. It was founded, by a group of professionals in different fields of thoughts who found it necessary to form an organization that would unite the youth and promote the exchange of views, information and experiences for social and economic development. It is incorporated and registered under the Cameroon non-profit Registration Statute.

What we do

The Organization's works is dedicated to various issues aimed at promoting the rights and well being of the young men and women, alongside orphans, vulnerable and the needy, to alleviation of extreme poverty, especially in the rural areas. Currently, The young men and women are among the highly affected members of the society. They have been hit by most the major catastrophes of life, HIV/AIDS, poverty and its consequences, cultural norms, youth in crisis such as drug addition, family violence, etc. Experience with the rural youth shows that their particulars needs have been neglected, giving path to uncertainties regarding their future.

Aims of the Organization

Vision

To support human progress through an integrative balance of individual, group, societal and environmental needs whereby self-interest, concern for others and respect for other cultures and for the environment are seen as synergistic, rather than antagonistic factors of human life and societal development.

Mission

CASICNET's mission to enhance the quality of life and expand the opportunities of young men and women to achieve life-long success through formal and informal education, health care and sustainable economic development

Goal

By virtue of creation this organization intends to

- Improve standards of living in the society
- Reduce unemployment
- Increase productivity
- Restore hope and life to the lost, destitute and promote love, peace and unity necessary for the progress of the community

FOCUS AREAS

- (a) Education and Training for the youth, especially in the rural areas.
- (b) Health care promotion among the youth at risk
- (c) Socio-economic Development.
- (d) Care and Support for OVCs

Objectives

- To assist the poor and the needy financially, materially, technically and spiritually
- To assist victims of human and natural disaster
- To help disabled, handicapped, orphans and street children in their affliction
- To sensitize rural masses and the privileged on better living standards
- To sensitize the population on the poverty preventive strategies
- To advocate for increased access to and quality education both formal and non-formal including child education and career guidance
- To promote adult functional literacy, vocational and apprenticeship schemes for youth and out of school, street children and youth with disabilities.

INTERNATIONAL COLLABORATION

Identifying and working with international collaborators worldwide enhances the level at which our approaches and strategies at which our goals can be achieved

Our family-centered, community based approach for providing comprehensive care and support for orphans and vulnerable children

Is a goal that requires likeminded individuals and organizations to be attained
