For Distrleco sas, it is very important to support initiatives that are in favor of the society or the improvement of the quality of life of the people most in need or vulnerable, and for this reason from the area of social responsibility of the company, has been linked throughout the year 2017 and what has been running this year with the FUNDACION AVIVAR CAD IPS, identified with nit: 900.986.371-3 located in the city of paragraph - Antioquia. Which works with the consumer population of psychoactive substances and other addictions. Our help was through delivery of food (Rice in paca) that was used for the nutrition of said population.

We wish the best of success for the Foundation, and continue with their work altruistic towards this population, in addition to continue showing the best results as to date.
