**FAHCI HEAD OFFICE, LAFIA, NASARAWA STATE**

## **ABOUT US**

Family Healthcare Foundation (FAHCI) is a voluntary, non-governmental, non-profit making organization that is committed to the total well-being of people, more especially women, children, youths and people living with and affected by HIV and AIDS and OVC in rural areas and amongst the urban poor. The membership of the organization is open to all people who have genuine interest to contribute to the development of communities particularly in the areas of health, community mobilization, economic and overall empowerment of the less-privileged and vulnerable groups in the society.

FAHCI was established in 2002 by an experienced Public Health Nurse who has over twenty years of community health work in various localities. The organization is a membership organization with seven (7) Board of Directors and five (5) Trustee members. FAHCI is working in Nasarawa, Plateau and Benue State with Lafia being the head office.

## **OUR VISION**

**FAHCI envision “An Empowered Society Where people Enjoy Improved Quality of Life”**

## **OUR MISSION**

**To improve the health and socio-economic well being of the poor and vulnerable communities in Nigeria through participatory training, advocacy and quality service delivery.**

## **OUR GOAL:**

To improve the health and socio economic well-being of our communities

## **AIMS AND OBJECTIVES:**

- To ensure that mothers have safe motherhood through community mobilization, education and male involvement in reproductive health  
To promote youth friendly reproductive health services
- To promote the reduction of HIV/AIDS prevalence through massive awareness campaign, counseling, care and support for people living with and affected by AIDS
- Provide voluntary regulation of sexual, fertility, contraceptive information, and services on basis of informed choice and persuasion without and y coercive practices
- To promote good and modern water sanitation and hygiene methods in rural areas

- To improve economic standard through provision of micro credit to the rural and urban poor women and youths to set up small business
- To conduct community needs assessment to identify areas of needs in the communities
- To conduct trainings as a means of capacity building

### **OUR CORE VALUES:**

The acronym ASCEND describes the core values of FAHCI, which form the cornerstones of our success and achievements as an organization, and will continue to guide its actions, decisions, and relationships as we work towards fulfilling our vision, mission and goals:

- A** – Accountability and Transparency
- S** – Strong commitment and Team work
- C** – Compassionate care and support
- E** – Excellence, reward and discipline
- N** – Networking and partnership
- D** – Documentation and report writing

**Accountability and Transparency:** In FAHCI, we are committed to sharing appropriate and timely information (both financial and non-financial) with all stakeholders, to the extent of their genuine interest in our work as an organization. We endeavor to make our internal and external dealings clear and straightforward to all concerned. We also endeavor to take full responsibility for the effects of all our actions and we gladly accept constructive feedback from all our stakeholders.

**Strong Commitment and Team work:** Dedication to work, optimum efficiency and productivity as well as adherence to set goals and objectives are our hallmarks and we demand these from all our stakeholders. They are the major factors for consideration in the application of our resources as an organization putting together the diverse skills and abilities of available human resources to make effective use of their ideas and facilitate the achievement of set goals is also a major thrust of our organization.

**Compassionate care and support:** By giving compassionate care to the vulnerable and those who suffer, we demonstrate our love and concern for them in their situations and give them a reason to be hopeful for a better future.

**Excellence, Reward and Discipline:** We always go far beyond the average to appreciate and reward those who demonstrate strong commitment and excellent achieve results. We do this to motivate them and others alike. Where and when necessary, we also apply laid down disciplinary measures on our stakeholders as a means of preserving our collective values, mission, vision, identity and positive image as an organization. We value the effective management of time; we always ensure that our activities are carried out according to schedule, avoiding unnecessary distractions and making productive use of our time in order to achieve the best of results.

**Networking and Partnership:** FAHCI endeavors to establish clearly defined and mutually beneficial working relationships with other organizations and individuals who share similar vision, mission and values with us for the purpose of greater impact of our work together.

**Documentation and Report Writing:** We value the production of good quality reports of our work and their proper documentation for research, learning and future reference purposes. We endeavor to share our experiences with others for the sake of enriching knowledge in our field.
