Rights and Opportunities

Reach for the STARS!

“When a child believes in their dream, they achieve and we all win”

“Reach for the Stars” is a campaign to empower children with knowledge of their rights and responsibilities, their role in societal development, and to motivate them to attend school consistently and perform well in class.

In order to achieve this aim, the Foundation for Equal Rights & Opportunities (FERO) conducts general knowledge quizzes, organizes inter-school sporting events and promotes expressive arts in schools and local communities within the Mzuzu area.

FERO is a non-profit organization and all money received in donations will be used for procurement of prizes for the children awarded in the form of uniforms, school bags, books, pens and footballs, etc. according to the type of competition.
