6 reasons why schools are embracing values education

VALUES	
Arts	English, Communications & Languages
	History, Geography & Social Skills
Mathematics	Physical Development, Health & Wellbeing
	Biology, Chemistry, Physics & Computer Science
	Religious Education, Spirituality & Beliefs

1. VALUES EDUCATION promotes a school culture of excellence, making leadership, management and role modelling more effective, and positively impacts staff welfare and the quality of teaching and learning.
2. VALUES EDUCATION is conducive to significantly improving levels of attainment and helps to close the attainment gap, raising aspirations and encouraging life-changing growth mindsets.
3. VALUES EDUCATION stimulates increased levels of pupil engagement, developing the whole person, with the character strengths and confidence gained helping to meet learners' needs and equipping individuals well to shape and manage their futures.
4. VALUES EDUCATION enhances curriculum content, supporting a mastery approach and developing transformative physical, spiritual and mental competencies so that participants can unleash their true potential, flourish and continuously maximise their life chances.
5. VALUES EDUCATION comprehensively supports and underpins Personal, Social, Health and Economic education, and Citizenship, including nurturing wellbeing and essential emotional and social skills allowing students to build, enjoy and achieve authentic, meaningful, high-quality relationships.
6. VALUES EDUCATION appeals to parents with the shared values deepening their engagement in their children's empowerment and learning.
