

RWENZORI SPECIAL NEEDS FOUNDATION LATEST NEWS FROM RSNF-UGANDA 20TH APRIL 2018

GARDENING PACKAGE / INCOME GENERATING ACTIVITIES

With sustainability programme very much on our agenda and it is a great opportunity to get some vegetables planted this 1st season of the new year 2018. These included various different crops which have flourished well under the rainy season with a liberal sprinkling of rain in the interim RSNF in its efforts to make these families become sustainable this year 2018 through more piggery

supplies and garden package support program , these projects are run and managed by the families where a child with disability is and all the projects are being supervised by RSNF –field team with support from Accomplish Children’s Trust-grants

It is also a privilege RSNF field team spend time visiting at the business set up by parents for these children after making profits on garden package support program funded by Accomplish Children's Trust UK, for these children with disability.

We are all so thrilled to see the wonderful results from the families we support, very brilliant and future ideas, they have taken a step by initiating of small businesses under RSNF social workers' advice to utilise the profits they make out of the produce we give them under garden package program with support from Accomplish Children's Trust. RSNF also aim to empower these families with running businesses again with more grant support to increase on their capital through receiving more seedlings to plant under garden package program. This activity is meant to help these needy families and to find a source of income to support their children with a disability.

SKILLS DEVELOPMENT AT ACCOMPLISH VOCATIONAL CENTRE

It is very apparent that there is now much greater acceptance of this vision amongst the parents, and we are so thankful to God for this. The benefits of the various other activities like skills development program, and the setting up of a garden package support projects, are clearly being seen in the area, and as RSNF we are thrilled to be part of it. It is great to see students enjoying the results of what has been in no small part down to them. This determination of students and their caregiver's hard work is an inspiration to us all.

Please do continue to pray with us that God will be honoured as this work grows and more children are rescued from unthinkable circumstances who completed their course at the vocational centre under Accomplish Children's Trust Grant Support

RSNF SCHOOL INCLUSIVE EDUCATION PROGRAM

The RSNF-Idaho team are already hard at work on the 2nd classroom of the RSNF-Community School which now gives the second phase of the project. The team were also busy planting trees, and this is a project that RSNF-Idaho team have worked really hard at and we thank God for their commitment. The team is working tirelessly to add another building as a library for our little ones. Please keep this team in your prayers!

PLANS FOR THE MONTH OF MAY-JUNE

We are working towards having another garden package grant given out to a waiting families to benefit in different community by end of end of June, if Accomplish realises the grant on time We hope to finalize all the processes during end of May so that we are set by June.

Recruiting of more trainers to train in different centres that RSNF have created for students who completed their course early last February and this will help those who would like to join especially for those who are coming from a along distance who are unable to walk to RSNF –Accomplish Vocational Centre.

Addition of a third course for Crafts Making which will give a chance to parents who requested earlier to RSNF-office to add this particular course for their children (we hope Accomplish Trust board of trustees will consider this request this time round

We shall continue community engagement activities to bring members on board. We will do this through sensitizing them and making them aware of the entire essence of the project, in order to work hand in hand with them.

We continue to appreciate the support and the efforts you have put in supporting us here in Uganda and pray that God continues to use you and all of us as we make a difference among the children with disability now and in future. God bless you all.

Greetings to you all from RSNF- Uganda and thanks be to God for how far he has taken us in this partnership.

2018 started very smoothly with a number of activities going on down here in Fort Portal. It's my pleasure to submit this brief report on different activities that took place in those 3 past months.
