

Rafikistry's KIKE programme is a life skills development empowerment programme for adolescent girls. It is a programme that seeks to help girls and women in general to celebrate femininity.

Nawiri: is designed to:

- Celebrate femininity by honoring young girls through welcoming them to their next phase – Young Womanhood.
- Provide contemporary rites of passage programs for teenage girls focusing on providing healthy transitions from girl to woman and look at the inner and outer changes taking place in adolescence.
- Connect with others of similar age, and have the support of older women.

The project involves being aware of the issues today's teenage girls are facing and being part of a group of women who are there primarily to celebrate, support, empower and encourage participants.

Why "Nawiri"?

- The ceremonies validate a girl's existence at a fundamental level while offering counsel and advice from older, wiser women making one feel loved, cherished, important and deeply connected.
- It provides a turning point – an initiation – a rite of passage, so ancient, so right.
- Helps the girls acknowledge that something very important is ending (Primary School) and something new is about to begin giving them space to process the loss of that which is ending and open them up to receive support for entering into the learning curve of uncharted territory.

Who Is "Nawiri" Primarily For?

Girls aged 13 – 16 who have recently completed their class 8.

When & Where Will The Ceremony Take Place?

Thursday 16th Nov 2017 At The Idyllic Gardens, Kiamumbi. (Between Githurai 44 and Kahawa West)

What Happens At The "Nawiri" Ceremony?

We will use outdoor adventure, art projects, games, sharing life stories and creating rituals as a way to facilitate and celebrate the time of change and transition.

Why select "Nawiri" as the Rite of passage for your daughter:

Besides the skills above, Rafikistry will continue to provide mentorship and guidance for the four years of high school life.

Investment: 1,000/- (Kenya Shillings One Thousand)
