

## Carly Sammon Superstar Volunteer Nomination

Carly Sammon is the hardest working volunteer I have ever met. She has been the Lead Volunteer for our year-round book sale for over 20 years. Carly recruits, trains and supervises a group of five volunteers who sort, price, merchandise and sell all the donations of books, DVDs and other odds and ends that our library receives on a daily basis. She is at the library at least four days a week participating in and overseeing every aspect of what makes our year-round book sale so successful. Over the last five years alone, Carly and her team have raised over \$102,000 for our library! These funds are critical to helping us provide the resources, programs and services our communities want and need. Thanks to Carly, we are able to fulfill our mission to cultivate a community of lifelong learners.
